

FREE Shipping on new MS Sedco Door Product orders over \$2500.00 before tax

This offer is only valid for Ground delivery to the continental 48 states. Not valid for HI or AK.

MS Sedco reserves the right to choose the shipping method handled by UPS, FedEx, or Freight pick up from our warehouse to the final destination. This method cannot go to a PO BOX.

Once a package leaves our warehouse MS Sedco has no control on how long the carrier will take in delivery. Our Free Shipping is not a guaranteed date of delivery service.

Valid Free Shipping Methods and Destinations

Larger sized orders will ship usually by the freight or shipping company of our choice. Orders shipped by freight company (orders usually weighing over 400 lbs.) will be palletized and are for "rear of trailer delivery only" meaning you are responsible for removing the boxes from the rear tailgate the freight company's delivery trailer. Any optional freight services the freight company may offer (i.e. trailer lift gate, deliver to your door, inside delivery, etc.) are the sole responsibility of the customer for an additional cost. The freight company will contact you by phone to schedule delivery. A correct deliverable address must be provided with any Suite or Apartment number. Failure to provide your complete or correct address may incur additional shipping company correction costs that they may charge per box or pallet.

Refused or Returned Orders

Orders refused or returned **DO NOT** qualify for free rate shipping and will incur the full cost of shipping both to and from the customer and any storage fees. Customer will be credited the balance between amounts paid less all shipping costs.

Address Correction or other fees

At order placement, Customer shall provide MS Sedco with a valid deliverable shipping address including any apartment, unit or suite number and whether it is a street, avenue, etc. Shipping address must also include the correct zip code for shipping address. This is very important since freight companies charge an "Address Correction" fee for each box shipped if the address or zip code is not correct. If the address provided by the customer is not a valid deliverable address according to the freight company, an "address correction" fee of \$15 per box will be charged to the customer's upon notification by the freight company to MS Sedco.

Other Fees such as signature required and delivery conformation are not included in our free shipping, such request will result in additional \$5.00 per box charged at the time of shipping.
