

ECX

Ethernet Cable Extender

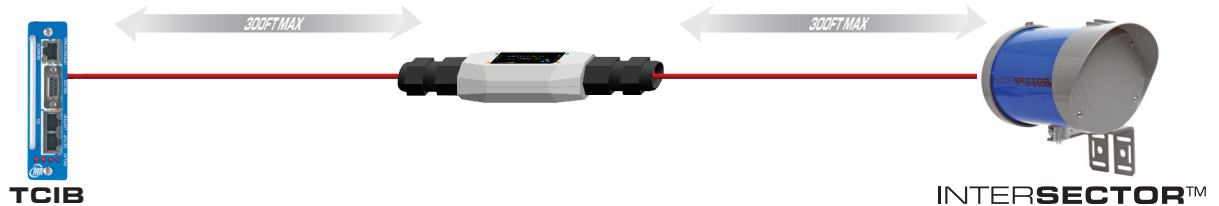

DESCRIPTION

The ECX Ethernet Cable Extender lets you locate your INTERSECTOR™ Motion and Presence sensor right where you want it, without being restricted by the 300 foot limit for Ethernet cables.

The ECX allows cable runs for the INTERSECTOR™ of up to 600 feet, doubling the allowable distance.

Its rugged and streamlined enclosure features IP66-rated connector covers that assemble easily around conventionally terminated Cat 5e and Cat 6 cables.

ECX SPECIFICATIONS

DIMENSIONS:

- 50mm W x 31mm H x 125mm L
(210mm with connectors fitted)
2" W x 1 1/4" H x 5" L
(8 1/4" with connectors fitted)
- Mounting Plate: 74mm x 97mm x 2mm
3" x 3 7/8" x 1/12"

ENVIRONMENTAL:

- Temperature Range: -40°C to +60°C
-40°F to 140°F
- Ingress Protection to IP66
- Enclosure Polycarbonate

NETWORK:

- 10BASE-T / 100BASE-TX
- Full/Half Duplex (Auto-Negotiated)
- RJ45 Connectors

PERFORMANCE:

- Extends Ethernet Cable Range Additional 300 Feet
- Total Ethernet Cable Range 600 Feet
- Power — 1.3 Watts
- Always on POE, 24V Pass through for INTERSECTOR
