MSSEDCO
8701 CASTLE PARK DR
INDIANAPOLIS IN 46256

Product: TC-CK-1-SBE
Category: 656 Traffic Signal Equipment
Sub Category: Vehicle Detection Systems

Your product was submitted to the Product Review Committee of the Idaho Transportation Department (ITD) for our consideration. In reviewing your product and associated laboratory test results, we have determined that it is suitable for the intended use, under provisional circumstances.

We are adding your product to our **Approved Products List, under the Provisional use recommendation** for the category listed above, comments and restrictions are present. We reserve the right to request additional samples for testing at our convenience and/or require the submittal of current test data from a qualified testing laboratory for our review.

The information you have provided is on file in the Materials Section and maintained on the Department's **Product Information Database**. Please advise us of any changes with regards to this product so that we may keep our files current.

If you have any questions, please contact Ethan Griffiths at 208-334-8556, or ethan.griffin@itd.idaho.gov.

Sincerely,

Patti Fanckboner
