

ENGINEERED FOR MOTION

NexGen Series Capacitive Touch Wireless Door Activator Switches

#NGS-CT-HSS

#NGS-CT-P

actuator that is both stylish and tough. NexGen switches are extremely thin and utilize no moving parts. The 4" faceplate is bordered by a clear bezel edge that illuminates upon activation.

Their hands free operation makes them ideal for ADA applications. Other applications include clean-room access points, request-to-exit devices, and point-of-purchase displays. The NexGen Capacitive Touch switch is microprocessor controlled, allowing for superior operation in a smaller unit. The wireless version includes a built-in ClearPath Spectrum transceiver that can be paired to the S-COR coordinator, eliminating the need for wiring.

Technical Data

- ADA Compliant Operation
- Microprocessor-Controlled Capacitive Touch
- Built-in Transceiver Compatible with ClearPath Spectrum Series S-COR Coordinator
- Braille text option available

SPECIFICATIONS

Activation Method

NexGen technology using digital burst mode charge transfer sensor for detecting near proximity or touch.

Power Requirements

On-board battery provides necessary power

Battery Life

5 years for most applications

Transceiver Operating Distance

Clear transmission exceeds 30'

Operating Distance

Adjustable touch sensitivity

Unit Size

4.5"W x 4.5"H x 0.75"D

Face Plate Finish

Standard: Brushed Stainless Steel
For Custom Plates, Contact Factory

Temperature

-13°F to 140°F (-25°C to 60°C)

APPLICABLE STANDARDS

American National Standards Institute (ANSI) - Building Hardware Manufacturers Association (BHMA) - ANSI/BHMA A156.10 & A156.19.

Installation

Refer to MS SEDCO Installation Instructions.

Availability & Cost

AVAILABILITY

Available internationally from manufacturer's authorized distributors; contact MS SEDCO for the location of the nearest distributor.

COST

Cost information on MS SEDCO products is available from the manufacturer's authorized distributors.

Product Name

Warranty

A one year warranty is available from the manufacturer covering defects in materials and workmanship. Contact MS SEDCO for details.

Maintenance

MS SEDCO recommends that all maintenance and adjustments be performed by an AAADM Certified Technician.

Technical Services

MS SEDCO's staff of factory trained sales and service personnel offer design assistance and technical support. Local distributors are also available to assist in selecting appropriate devices for specific uses and to provide onsite installation.
